

IONUT AND ESTERA MISSION IN SOUTH ROMANIA

January 2024

We, the Ionut and Estera Udrescu family, greet you all with great joy and we wish you a new year full of Lord`s blessings. We thank the Lord for the amazing way in which he continues to use us here in Romania, in a very spiritually hardened area. We put a high price on evangelization through Christian films that we make periodically and we see with God touching people's souls.

By the grace of the Lord, our mission to share the gospel is fulfilled every day. What we want to share with you is the fact that our involvement bears fruit and for the first time, in the two years since we pastored the Church in this city, all its seats were filled. When I took over this work, the church was very small, only a few old brothers, but gradually through the many events and a lot of evangelization, people started coming and we are full of joy.

We also have great joy for the group of young people that we formed this year, we meet weekly with about 20 young people, whom we help to get closer to the Lord and we hope that this year you will make a covenant with the Lord through baptism.

Also, a great reason for joy are the teenagers with whom we have a program every Saturday and they are so eager to come, and at each meeting one more is added.

Reasons for prayer:

- Physical and spiritual health
- The presence of the Holy Spirit to be upon us
- To have victory in all the mission work we do, and more people, young and children to be saved
- We wish(it is a big need) to build a hall (14 meters/ 10 meters) for evangelistic events (film, programs, Awana ministry and more). For this work we are praying and looking for people who would like to do something for God`s glory.

God bless you all !
