

Ministry with the Morrisons

September - October 2025

Drive-In Park

This season has been nothing short of amazing at Drive-In Park! We planned 27 movie nights, and although 5 were rained out, the rest were filled with wonderful attendance, joyful fellowship, and powerful moments of ministry. Each week, families and individuals gathered under the stars to hear the Gospel and experience the love of God. Through these nights, over 400 people made decisions to follow Jesus, and many others have started looking for a local church home where they can continue to grow in their faith.

God continues to move in great and mighty ways at the park. While we don't often share personal stories—because many of those we meet could be your neighbors or even readers of this newsletter—we see His hand at work every single week. From those hearing about Him for the very first time to believers who are struggling and in need of encouragement, God is using each movie night to reach hearts and change lives.

One story that stands out began early in the season with a couple of teenagers who came to a movie night with friends. They loved it so much that they began asking their parents to bring them again. For several weeks, they came with their mom. We had been in touch and encouraging the mom each week as she had taken time to ask us to pray with her one night. She told us their dad didn't want them to attend anymore, so we reminded them to keep praying for him while respecting his wishes. The past two movie nights, that same dad has come with his family—sitting and watching the movie right beside them. What an incredible reminder that God is always working, even when we can't immediately see the results!

As we wrap up this season, our hearts are full of gratitude. God is moving in ways both seen and unseen, and we are humbled to be part of what He's doing here. Thank you to everyone who prays for and supports Drive-In Park—your faithfulness makes it possible for lives to be changed by the Gospel each and every week.

Thank you Victory Christian Academy!

We were blessed to have the 9th grade class from Victory Christian Academy join us for their Serve Day! Twenty students spent half of the day helping at Drive-In Park with cleaning, painting, and general maintenance. They worked hard and completed every task on our list—including the “extra” projects we didn't expect them to have time for! Their servant hearts and positive attitudes were such an encouragement to us, and their efforts made a big difference in keeping the park looking great. We're so thankful for their willingness to serve and for the partnership.

Joining with new churches

We had the wonderful opportunity to present Drive-In Ministries at Fannin Road Baptist Church in Montgomery. It was a great time of connection and encouragement, and we look forward to seeing how God leads in a future partnership together. In addition, we received contact information for another church we had not previously connected with, and we're excited to reach out to them this coming week. As our movie season comes to an end, our work continues! During the off-season, we'll be visiting and contacting many churches to build relationships and share about the ministry. Please join us in praying that we will reach 100% of our financial support and that God will open doors for many new partnerships for next season's movie nights. We are currently at 60% of the funding needed to keep us going at a full-time status.

Better Together

We had the joy of celebrating our 13th wedding anniversary. Looking back at the young couple in the picture, we realize how little we could have imagined of the journey God would lead us on. Over these years, the Lord has been faithful to shape us, to grow us, and to teach us more about Himself and about one another. Each season has brought both joys and challenges, but through it all, God has drawn us closer to Him—and in doing so, He has drawn us closer together.

We are deeply grateful for the ways we have seen His hand at work in our marriage, our family, and the ministry He has called us to. Just as He has grown us in our walk with Him. We have also seen Him grow Drive-In Ministries and open doors to share the Gospel with more people than we ever could have imagined. As we reflect on these past 13 years, our hearts are full of thankfulness, and we look forward with anticipation to the years ahead of serving the Lord side by side, both in our home and in ministry.
