

HE IS RISEN

“For as in Adam all die, even so in Christ shall all be made alive.” 1 Cor. 15:22

Dear Family and Friends,

The death and resurrection of Jesus Christ changed the course of nature and mankind forever. The first sin of the first human brought a death sentence (physically and eternally) upon all who would ever be born. The death of Jesus atoned (paid the death penalty) for all who would ever believe in Him. His resurrection proves and provides eternal life for all.

There is no greater or more important message that can be shared with others than this, and outdoor evangelistic movies are a very effective means of doing it. Our first movie night of the season at Drive-In Park on March 20 had an attendance of 200+ with 32 making decisions for Christ. In today's troubled world, people are looking for answers. In generic and public movie settings, we are seeing more non-church attendees. We are praying for more churches and ministries to host movie nights and maybe some to become summer partners with Drive-In in their area. More Mobile Units are needed. Over the last few years, the Lord has blessed us with a couple of good, used, 15 passenger vans that churches no longer needed and were donated. These are now regularly used Mobile Units. If your church has a van they no longer need, consider talking to them about donating it, or other vehicles that we can use to sell!

The international ministry is poised for more growth. They see in their areas of the world the same needs we see here and are asking for partnerships with Drive-In to utilize Mobile Units out in areas of few or no churches. We are currently in dialogue with several potential ministries in several countries. **Prayers** for our trip to Dominican Republic on April 30 - May 4, are appreciated. **ALSO**, the screen has finally arrived in Cameroon! Praise the Lord, and as soon as I know it is at the location I will be able to plan my trip to set things up.

Our Challenge... often becomes a **praise** when we pray and let God do the rest. Such was with Timothy this month as he was facing a huge medical bill, but received word that it had been **reduced** by 85%!! Continue to **pray** as he prepares for a radioactive iodine treatment next month. Joseph & Gracie's "Both Hands Challenge" has raised \$23,265 so far toward their adoption...**praise!** Other challenges...Kailey's dad is recovering from a heart rupture, Chad's (Jennifer) daughter Charlie broke her leg, and my brother, Dave, broke his hip and is not doing well. I will be flying to Wisconsin April 15-22 to be with my sister and brothers. Through all the challenges, God is still good. We are so thankful for our family who support Drive-In Ministries with their time in serving, giving, and/or praying. I am enjoying keeping Benji while Eri is finishing her school year of teaching. We love each of you and pray for you as we put your address or email on these letters, AnnaMae

We need more missionaries to serve with Drive-In full-time and part-time and summer interns and volunteers. We are encouraged by recent increased support for the Morrisons, Udrescus, and Stephen & Erika. As the local ministry grows and the new building is built, many more ministry opportunities will open up.

Thank you for your continued faithfulness, prayers and support. Blessings to you.

In His service together, Mike & AnnaMae

Keeping Up with the Joneses April 2026
